# HOLIDAY Activities

SUPPORTING ACCESS TO FUN AND EXCITING ACTIVITIES!

Our holiday activities are 100% flexible - you can request one of our activities on any day if the venue is open, or suggest your own.

NDIS community access funding can cover the cost of a support worker and their entry is free at our suggested venues if you have a companion card. However, you must pay your child's activity fee.

Exclusive one-to-one support

Socially inclusive activities

Flexible program

## Important information

- Please check your funding covers the cost of the support worker before booking. NDIS Core Supports, Community Access funding may pay for cost of the support worker. However, the NDIS will not pay for the activity entry fee - you must pay for your child's entry fee and give this money to the support worker accompanying your child on the activity.
- Please provide your child with food and drinks for the outing and other activity equipment such as socks for Playland centres or swimwear and towels for swimming.
- If you choose to pay for additional items or food at a venue, please give the extra money and your instructions to the support worker.
- You must provide the correct activity money or your child will not be able to attend the activity as support workers do not carry additional money with them.
- All our suggested venues accept companion cards but if your child does not have a companion card you will need to provide the entry fee for the adult support worker.
- Before booking, please check the venue is open on the day you wish to book and the activity entry free. Some franchise venues have different entry costs at different centres and may close on some days during the holidays.
- If you are selecting your own activity we recommend you check the venue accepts companion cards.
- 3 business hours cancellation is required for any support workers booked.
